

PRO-ACTIVE POSITIVE PERSONAL DEVELOPMENT PROGRAMME

Proactive personal development of appropriate behaviour and ethical standards –

Growing Good Citizens

Rather than purely prescribe behaviour and expected behavioural norms Principia aims to:

- Provide a helpful, safe and co-operative environment
- Emphasise social responsibility in all action and behaviour
- Improve each individual's ethics and principles through development of mind, body and character

Our principles and beliefs must reflect the values of our Principia community.

Our Code of Conduct emphasises:

- Responsibility
- Co-operation
- Respect (self and others)
- Positive image (self and school)

Our overall AIM is to grow our children into the type of citizens we can proudly proclaim and celebrate. All students are expected to strive towards attaining the highest level of behaviour standards as described in our standards scale as shown.
